

## **Matt Morris – IT Director**

Matt is the head of the IT department for all ArtiFlex locations. His primary responsibilities include maintaining secure data, creating IT related solutions and processes, ensuring data continuity, and leading a highly effective IT team while constructing a balanced work environment. Matt dedicates his attention to implementing more creative solutions, integrating hosted/cloud-based system and on-prem methodologies with a goal of 99.9% uptime for all applications while focusing on cost and developmental growth.

Matt has over 33 years of experience in IT, 17 years in IT leadership positions. He attended Aquinas Collage, majoring in Management Information Systems. Throughout his professional career he has gathered several technical certifications including Networking (CCNP), SAP Certified Technology Associate, AWS Cloud Practitioner, and PCI (PCIP).

### **Major Accomplishments and Milestones:**

- Organized the technical merger of two multi-billion-dollar entities within 9 months.
- Defended several vulnerabilities and security breaches over very long weekends.
- Created a 100% redundant cluster to host 50 international websites for B2B solutions.
- Merged 10 different international IT Operations into one shared service unit.
- Consolidated technical operations with resources in 7 different countries.
- Implemented new ERP solutions.
- Created highly effective and fun team environments, with pride in their accomplishments.
